

## OPPORTUNITIES WITH THERMOLEC!

How Are You Addressing Fresh Air?

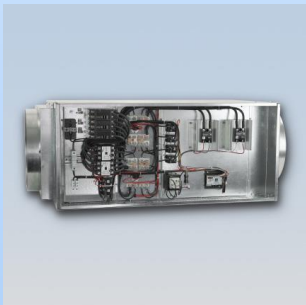

Let our FER and NER Electric Heat Make-Up Air Models Help:

### **FER Mini Make-Up Air:**

90-600CFM / 3-20 kW  
1 & 3 PH Units Available  
Includes Built in Modulating  
Fan / 6"-12" Duct Collar

Additional Features Include  
Reversible Airflow, Built in Damper  
High/Low Temp. Protection, and  
Current Sensing Relay

### **NER Fanless Make-Up Air:**

2,500 CFM / 10-34 kW  
Booster Fan Kits Available  
SCR Modulating Temp.  
High Limit (auto/manual)

Additional Features Include  
Inlet/Supply Temp Sensor , Built in  
Damper, High/Low Temp.  
Protection, with Dry Contact +  
Current Sensing Relay  
10"-14" Duct Collar

---

## Open Coil Duct Heaters:

### **Open Coil Heaters:**

Up to 1,000 kW  
*Tubular, Fresh Air or Zone Style*  
*Most Commonly 6"-18"*  
*Multiple Voltages, kW Sizes &*  
*Duct Diameters Available*  
*SCR or Staged Modulation*

### ***Perfect For Adding Supplemental Heat Off an ERV***

Most Models Include SCR  
Modulation, Electronic  
Temp/Airflow Sensor, High Limit,  
and a Duct or Wall Stat
